

Applications areas for Corenso board:

Edge protectors

Customers from a wide range of industries use Corenso edge protectors for various applications. To meet their needs, Corenso creates bespoke solutions.

Our edge protectors strengthen packaging, ensuring that goods arrive at their destination in perfect condition. They also protect the products during handling and significantly improve stacking capabilities.

ECO Protect™

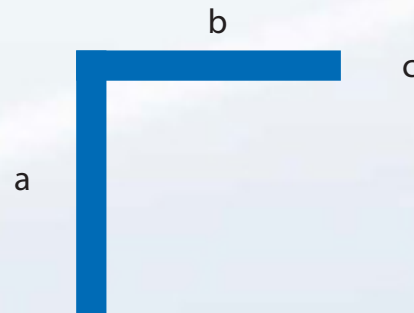

Why choose Corenso:

Our efficient state-of-the-art machinery ensures that we can create the solutions our customers need no matter what business they are in. Furthermore, our process control assures consistency of quality for each and every delivery.
